Volume III Chapter 87 Part 2 Love Rivals

"Xiao Shu, we met again..."

Inside the sedan is the same person that she saw the night before. It was then covered with white gauze, but now that gauze was lifted and the person that spoke just now is indeed Ye Lie. He doesn't look the same as he was before, a handsome man shining brightly like the sun. Right now, his face and hands are purple; his condition is more horrible than Mo Yuan's grayish color when he was poisoned. He is very thin. If she did not look carefully, she wouldn't recognize that this man is actually the high spirited Tan Tai Ye Lie.

He has a wide smile on his face but the tone of his smile as always has ridiculous secret meaning. Su Su can't help but admire the guts of this person for his mood, even the way he greeted her.

In fact, there is no enmity between her and Ye Lie. What happened in the Huan Lang Island is just a setup contest between them. Su Su smiled back at him and greets back, "Yes, we meet again."

She glanced at the two elder men who were on the verge of killing each other the previous night. They seemed to have reached a certain agreement although the expression of Feng Yi Qing is still dim, the atmosphere between the two is no longer *jiàn bá nǚ zhāng*. (meaning 'at the state of mutual hostility').*

**jiàn bá nǚ zhāng- Chinese idiom; the literal translation is "with swords drawn and bows bent"*

Su Su could feel a vision looking at her from the moment she stepped into the courtyard. She is being closely watched and observed

by Tan Tai Feng. She turned and gave a generous smile, “ Su Su greets General Tan Tai.”

Tan Tai Feng’s eagle-like eyes slightly squinted and the corner of his mouth has the trace of a gentle smile before nodding towards her, “ I have known your father for many years. Call me Uncle Tan Tai will be nice. As expected, ‘with a distinguished father such as you, an offspring is sure to do well**’. I heard that you were in Huan Lang Island and that Tan Tai Ye Lie loses out to you. Su Ling, having a daughter as you; surely he’s living his life with no regrets. ”

**hǔ fù wú quǎnz-

lit. father a lion, son cannot be a dog(honorific); With a distinguished father such as you, the son is sure to do well or like father, like son

Su Su calmly smiled at the mention of the Huan Lang Island, replied with confidence, “ Uncle Tan Tai your praise is excessive, as for the battle in Huang Lang Island, Ye Lie did not go all out, his few small coordinated moves are just for laughs.”

Tan Tai Feng is still smiling but his heart is actually secretly sighing. This only daughter of Su Ling doesn’t know fear. She is only 16 or 17 but her martial arts skill is not weak. Her attitude could be proud but not one degree arrogant, seems to be humble but also not humble, modest but not inferior, rightly so she knew when to retreat or advance, her every movement could gather all the great and influential families, even the Young Master Mo, their relationship not common, if Su and Mo families come together in marriage ...oh no...no way. Not by any means!

Su Su doesn’t want to waste more time exchanging pleasantries with Tan Tai Feng. She turns to her side towards Feng Yi Qing

who looked impatient and asked directly,
"Mr. Pu Shan what did you call me for?"

Feng Yi Qing didn't even gave her a glance but pointed at Ye Lie and commanded her, "You, from this time on, until he recovers, you take care of him."

"What?" "She stared at Feng Yi Qing wondering if she heard it wrong?!"

Su Su's facial expression suddenly changed while Tan Tai Feng on the other hand laughs. The elder kept laughing as he went forward to pat her shoulder. "It is because someone would like to come at Mohist territory and this uncle is not good enough to bring too many people to come with me. While Ye Lie is getting his treatment here, no one will take care of him, since our families are friends for generations and you being a woman, your heart is a little more detailed and caring, this uncle would trouble you to help take care of him."

So, it turns out to be an idea from Tan Tai Feng. She can't believe that Feng Yi Qing is also a lunatic to agree with him as well. Last night, they are fighting tooth and nail, but now in order to get the white jade key, he will do everything he wants. Su Su has goosebumps, if she doesn't answer agreeably, then Feng Yi Qing might tie her up directly to something so she would stay...

She did not know how she would answer and refuse it when a deep chilly voice can be heard from outside the door. "Since the general is a guest of Mohist family, we will naturally arrange that your son will be taken care of. General Tan Tai doesn't need to worry. There will be ten sensible and smart servant girls that are coming over. The general can choose who they want or all ten can stay."

Seeing the person who came in, Su Su's eyes lit up, "Mo Yuan?" Then she after some thought she realizes that this person supposed to be staying and resting at Lin

Yuan Pavilion, Su Su immediately and quietly asks, "Why did you come? You are not supposed to be running around? What if the poison plays havoc again? "

Mo Yuan's face is grim because of what he just overheard outside the door. But after the questioning of Su Su, his face slightly become clearer. The tone of his voice is still cold and have some uncertainties, " I came to get treated."

"Oh..." Thinking about it, she thought her interrogation is a bit silly. Of course, Yi Qing is there and if Mo Yuan is there, what is she worried about?!

Su Su felt that it is better to keep quiet. This time the eyes of Tan Tai Ye Lie were looking deeply at Su Su then to Mo Yuan, suddenly said, "Xiao Shu, don't misunderstand the meaning of the father. What father wants to say is that, since you and I are both guest, we are also not very acquainted with each other and I don't know anyone here. If Xiao Shu is free, will you come to me to chat ... just a company so I have someone to talk to, will Xiao Shu promise? "

The voice of Ye Lie was so weak that it was obviously a great burden for him to say so many words. After speaking, he looked awful and has difficulty breathing.

Su Su has always sensed that Tan Tai Feng's motive of coming to Mohist is simply not only for Ye Lie's treatment but something deeper than that. Anyway, when there is time to chat, then chat, she could probably discover the other plans of these father and son tandem. Having so many thoughts in her mind, she quickly answered, "Okay."

After answering happily, she did not know if it is an illusion or just her but she felt that the person behind her suddenly turn a little stiff. Su Su is worried and turned behind her to see Mo Yuan standing behind, just looking at her eyes, giving her a look that she cannot explain.

Su Su quickly pulled away from his gaze, if not she might freeze to death being covered that chilly look. She accidentally swept over Mo Yuan's body but did not find the figure of Sang Nuan. Logically speaking, Sang Nuan can't stay alone in Lin Yuan Pavilion, and she is not afraid of Yi Qing either, because she naturally does not take his orders seriously. Where is Ah Nuan then? She suddenly had a bad intuition, " Ah Nuan?"

Although Mo Yuan was annoyed with her, he still replied. "I haven't seen her today."

Haven't seen her?! Impossible. They left keju at the same time. This is not good! Su Su hastily said, " Ao San, go find her."

Because of her injury yesterday, Ao San did not say anything but she felt that he was very angry with her. So, today he followed her around though he didn't dare say anything. Now, she worries that he would not obey her orders. However, when her last word fell, a shadow swiftly moves out of the courtyard and disappeared in their presence in an instant.

" Did you come to be treated? You can die of your illnesses instead of being treated. You all can go away!"

When everyone came back to their senses, they found that Feng Yi Qing was no longer in the courtyard. The sound actually came from the first floor of the two-story building. The people with Tan Tai speedily went inside the building.

Soon after Su Su took a step forward, she felt her wrist was being held very tightly. She turns her head to see Mo Yuan looking at him; his eyes, however, have complex expressions." Why would you promise him?"

Su Su winks and blinks as she looks back at him and asked, "Why would I not answer?"

It is not difficult to chat with him when I am free.

"You allow him to be with you."

Her hand was suddenly cast off and she seems to hear Mo Yuan gnashing his teeth. Is he angry? Although she did not know why he was angry, Su Su rubbed her wrist that was sore. Su Su whispered, "Why did I say wrong?"

She brushed past Li Yang who hear her muttering, who can't help but shake his head. He doesn't even have the mood to look and glare at her. (T/L note: Li Yang normally glares at her in the past, but now he walked past ignoring her.)

Su Su just snorts and decided to ignore the inexplicable man.

The first floor of the building is very spacious and it seems to follow the normal design of the Mohist architecture style. It is very simple. Mo Yuan sits on the bench located on the right, while Ye Lie was being carried to the left side. Feng Ye Qing was holding an earthenware jar of soup and he was standing next to Ye Lie. Ye Qing was looking at the earthen jar in his hand wearing a very strange smile and when he looked at Su Su, she felt both fear and excitement.

Earlier with Mo Yuan, he doesn't seem to be very pleased with her, and she doesn't want to butt head with him again and decided to sit on the left side with Ye Lie. Besides, she was also curious about how Ye Qing will cure the sinister bone marrow eating poison.

Ye Qing Feng has two young assistants, one raised a short basin and the other a large basin. They put the basin beside Ye Lie and then placed the jar on the short basin and opened the lid. Instantly, the smell of the contents of the jar spread out. The strange smell is stinky.

Su Su frowned but did not step back. She actually went forward to look at the contents of the jar. The jar is not big but there is a lazy toad inside that looked like a lizard with a red body and some bumps on its skin. It has a long tail and the tongue spits something from time to time. She can't determine where the smell is coming from. Is it from the creature or from the bottom of the jar? But either way, it is vicious and disgusting.

Su Su swallowed her saliva and whispered, "What is this thing?"

Feng Yi Qing glanced at Su Su and saw her face, although whispering, she looks like she wanted to scream and vomit after daring to look closer. Out for a little goodwill, he answered, "The poison has entered his kidneys and the only way to detoxify him is to fight fire with fire. If he survived it, well then good and if not then he is going to die."

Su-Su was lost for words. Feng Yi Qing was not in the mood to continue explaining and to Tan Tai Ye Lie said, "Put your hands inside."

Tan Tai Ye Lie without complaint put his hands directly into the jar. When his hands went in, everything was silent until the sound of the water starts coming from the jar. Ye Lie's body starts to jerk and shook; his head, his hands and every tendon of his body look like it would burst open.

After a while, Ye Lie could hold it anymore and he couldn't help but scream, in a very painful and suppressed voice, coldly screaming his sorrows. It was a painful moment until his body started twitching and a black blood was vomited out of his mouth. When Ye Qing saw it, he lifted the tub with his foot, raised Tan Tai Ye Lie and pats his chest with his palm. Ye Lie's body bent forward and spit the blood inside the tub.

Feng Yi Qing took his hand out of the jar

and then held it carefully. The hand that was taken out of the jar was completely black. The jerking and vomiting of blood did not stop.

Su Su looked at Tan Tai Feng that was standing next to Ye Lie. His face is serious, solemn but there's no hint of regret, not one iota of panic and she has no idea what this elder is thinking. She knew if it is her father and she is vomiting blood like this, mark her words, her father will certainly won't keep his composure like this.

Tan Tai Ye Lie at the moment looks more dead than alive. Su Su held her breath when she thought she saw the cunning smile on Yi Qing's lips. Su Su felt a chill ran through her back. Although they have no other choice but to have Ye Lie treated, Feng Yi Qing must have chosen the most painful way to treat him. The man's revenge is really terrifying!

Su Su, in fact, does not want to watch Tan Tai Ye Lie twitching while vomiting blood. She doesn't know what to do when she saw Feng Yi Qing was already with Mo Yuan.

Su Su went over only to hear Feng Yi Qing snorts coldly, "You bring your own bitterness," and then left. The apprentice beside him was already packing up the things he used for treatment. She wonders, why it is so fast? She doesn't know why but she was relieved in her heart. If Mo Yuan has to go through what Ye Lie has gone through, she doesn't know if she can bear to watch it.

Su Su whispered, "Is everything all right?"

Mo Yuan closed his eyes and sat there without saying a word. She didn't know how she offended the young master today and seeing him ignoring her. Su Su did not dare to disturb him.

Mo Yuan knew that Su Su is standing next to him. It is not that he wants to ignore her

but he can't speak at the moment. Actually, he can't even move. He is afraid that she would see that something is not right with him. This moment he can only close his eyes and ignore her. He just watched her looking at the treatment of Tan Tai Ye Lie and her face was very pale. He did not want her to worry about him so he chooses the golden needle style of treatment to put drugs in his acupuncture points and seal his internal force. This method and the previous one were different. The golden needle will not be pulled out the whole day and every move the pain is towards the marrow of the bones. Fortunately, such method, outsiders can't see the pain.

Su Su thought that by standing there she couldn't help Mo Yuan. She just wanted to ask Feng Yi Qing about his treatment when suddenly the gate was slammed, and there is a growl, " Feng Yi Qing, you come out."

" Is it Ao San? She never heard Ao San's flustered voice over something before. Su Su jumps and quickly flew her way out. Su Su saw Ao San carrying a person as he runs towards the cabin. That touch of beautiful purple clothes, besides Ah Nuan, who else can it be!
