Volume III Chapter Part 1
Accompany You

Su Su felt that standing there couldn't help Mo Yuan. She just wanted to ask Feng Yi Qing about Mo Yuan's treatment when the courtyard gate was slammed open. It was followed by a loud shout, "Feng Yi Qing, you come out quickly."

Ao San? She had never heard his voice panicked like this. Su Su's heart jumped and she rushed out of the room quickly. Sure enough, there is a man carrying someone running towards the building. The person he was carrying was wearing beautiful purple clothes. Besides Ah Nuan, who could that be?!

Su Su met up with him and she didn't have the time to see the whole situation of Ah Nuan when she felt a white shadow passed her. Feng Yi Qing also rushed over and if she was not fast enough to dodge to the side, he will surely hit her.

"Sang Nuan?!" Feng Yi Qing quickly grabbed her wrist to get her pulse. As time passes by, his brows wrinkled more and tighter and he looks like he doesn't want to let go of her hand while walking inside. He said to Ao San, "Bring her inside."

Ao San followed Yi Qing and carried the Sang Nuan inside the small building and placed her on a small bed behind a silk screen.

Seeing that Ao San is carrying Sang Nuan, Tan Tai Feng's expression slightly changed but it is more reserved than the anxious reaction of Feng Yi Qing.

Seeing that Feng Yi Qing starts to help Sang Nuan and prepares for her treatment, Su Su and Ao San felt relief. Su Su approached Ao

San, who was standing outside the silkscreen, pats his shoulder and whisper, "Come out."

Ao San nods and follows her outside the small building. The moment they step out to the courtyard, Su Su asks immediately, "What happened?"

Ao San lowered his head slightly, his face was cold and his voice was extremely low. "When I returned to the Keju, I saw her lying down in the doorway of her room."

Ah Nuan passed out in the Keju? When she and Ao San left the Keju, Sang Nuan was also preparing to leave. What was the reason why she returned to her room? Did the assailant harm her outside and brought her back to the Keju?

"How did it happen?"

Although Su Su and Ao San spoke in the courtyard, their attention was still in the small building. When they heard the voice of Feng Yi Qing, the two immediately ran inside the small building. When they entered, they saw that Sang Nuan lying behind the silk screen, Yi Qing was nervously walking back in forth the silkscreen and agitated and muttering over and over., 'Impossible', how can this be?"

Su Su went forward and blocked the path of Feng Yi Qing and asked, "What happened to her?"

Tan Tai Feng also went towards the silkscreen, with great concern asked." Is she also poisoned?"

Poisoned? Ao San and Su Su's face cannot be described. Ah Nuan once said that she tried various poison during her childhood so her body developed immunity to poisons. Is there a poison that the murderer developed that her body couldn't resist?

After hearing the words of Tan Tai Feg, Feng Yi Qing returned from his absent-mindedness and shouted, "She is not poisoned!"

When Su Su heard from the doctor that she is not poisoned, her face became more serious and anxious. What is that then? It is not natural for Dr. Pu Shan to call an illness ‘impossible’ and now it is even more mystifying.

Feng Yi Qing examines Sang Nuan again. His eyes narrowed and seem puzzled, he took a deep breath before whispering, “I have to let her rest for a while. Her pulse is erratic, sometimes fast and sometimes almost stagnant then it would suddenly jump.. .. I want to take some time to think again, think carefully ...”

Feng Yi Qing seems to be trapped in his own thoughts and Su Su decides not to bother him. She went around the screen directly at Sang Nuan . Sang Nuan is calm, her breathing is shallow, her face is also pale but rosy. She just looks like she is asleep and in the middle of a wonderful dream.

Su Su lifted her hands to check her fingers. Her ten fingers were clean, white like a jade and neatly groomed. She lifted her sleeves to see, she checked for wounds or bruises but it was flawless. When her hand tried to caress the back and the nape of Sang Nuan, Tan Tai Feng suddenly spoke, the eagle eyes cannot hide his curiosity, “What are you doing?”

Although he was behind the screen, he still can tell that Su Su was doing some examination on Sang Nuan. Su Su remained silent and after confirming that she has no scar on the neck or head, she slowly put back her clothes. Only then she replied back, “Nothing”.

After her light reply, Su Su went out of the screen and she did not wait inside the building like everyone was generally doing right now, but went out of the building and then out of the courtyard.

When she was about to leave the gate, Su Su was blocked by Ao San, “Where are you going?”

"I will return to the guest house ."

Ao San's brows knit tightly. This girl is still nursing her wounds and he is supposed to protect her as he promised his master, the right thing is to follow her there but then it means leaving the person here alone...

Su Su saw Ao San's dilemma. She smiled and whispered, "You stay here, you take care of Ah Nuan. I don't feel at ease here." Although both Feng Yi Qing and Tan Tai Feng seems to be doting on her, she couldn't trust them.

Su Su gently pushed the hand of Ao San and he can only look at her hand because remained blocking her and never let her leave. In his face was a frown and they were in a deadlock. Just then a tall figure walk behind the two and whispered," I will go with you."

Su Su looks back. To her surprise, it is actually... ... Li Yang?

Li Yang has a deadpan face, but his heart has been complaining. His master has been glaring at him with his cold eyes all the while. If he still doesn't understand the meaning of his glaring look, then he will be erased from being on the side of his master of more than 20 years.

Su Su tilts her head to see Mo Yuan is still sitting in his original place. He appeared to be sitting still when she last saw him, that even the wrinkles of his clothes did not change. Su Su suspects in her heart that something is amiss. Even if he is angry about something, it is impossible to be motionless even in the case of Sang Nuan's accident... ... was he paralyzed?

Su Su went to Mo Yuan and sure enough, he just looked at her. However, in his eyes, there was an obvious concern but his body remained motionless and he did not even utter a single word.

Su Su squats down and whispers, "You don't worry, get detoxified, I will go together with Li Yang, and come back quickly."

After saying that, Su Su slightly patted Mo Yuan's shoulder and saw his eyes slightly squinted. Reluctantly, she pulled back her hand.

Despite her injuries yesterday, but fortunately it was only superficial. After a few light foot works, Su Su and Li Yang spent only half a column of incense (between 2 to 3 minutes), they reached the Keju.

The door of the guest house was open and Su Su did not rush inside. The two just stood outside the courtyard and examines it carefully. The decorations and furnishings were the same and the snowy ground was obviously cleaned in the morning that there was no trace of footprints. When she entered the courtyard, she noticed that door of Sang Nuan's room was open but the rest of the rooms inside the courtyard were shut.

She walked inside Sang Nuan's room. Immediately, she found that the room was very messy. The tea set was lying on the ground. The small wooden chair was thrown to the door, the books on the bookshelf were very disorderly and the whole room looked like it was searched for a hidden thing.

Li Yang saw that Su Su stood in the room for a while, then looked at the furnishings that was turned over, and the books. When they were in Huan Lang Island, he knew this girl is an expert in crime investigation. But right now, she has no expression as he stood and waited for her outside the door. Not long after she went out and checked out the other rooms.

Su Su pushed open the door of her room and looked at her own messy quilt. She whispered, Bajiao."

'Bajiao .' Su Su secretly grinds her teeth. When she concluded that that the little fellow run away again, the quilt suddenly moved and

in a flash, a furry little thing got out of the quilt. The little fellow looks at the door and found Su Su, its eyes widen and quickly rushed to her bosom.

Seeing that it 's still obedient, she rub its head and threw it inside her clothes. She then turns to Li Yang and said, "Let's go."

The two only spent half an hour and then came back to Shang Sang. When they walk back inside the building, Su Su found that Tan Tai Feng and Ye Lie were already gone. The treatment must have been finished and they went back to recuperate. She is not interested in finding the father and son; she went directly behind the screen to check on Sang Nuan. She saw her still lying quietly and her cheeks were rosier than before, especially the lip colors are crimson red. She looks very beautiful but absolutely not a good sign.

T/L Note: Reminded me of Mo Sang's corpse

Su Su glanced to her side, saw Yi Qing reading through a file of dossiers. She asks in a low voice, " How is Ah Nuan?"

Feng Yi Qing is calmer than before and while reading the dossier, without looking at her answered, " I do not know. Her pulse is changing constantly. I did not give her any medicine, she must remain in Shang Sang temporarily."

Su Su understands that it is inevitable for Sang Nuan to stay. After thinking briefly, " If Ah Nuan will stay here, I will stay also."

Feng Yi Qing did not turn his head, just hums and said, " Suit yourself."

"Miss Su."

Su Su turns her head to see Mu Xue in white clothes like a moon appeared on the door of the small building.

Su Su moves forward and slightly nodded towards her and replies, " Miss Mu Xue." Since the very beginning, she felt that Mu Xue has no good intention for her. She was even

more polite and courteous to her because of that.

"The patriarch asks for Miss Su to go to the study room to talk." Mu Xue's voice was always calm and smooth, it sounded very sweet, but after listening to what she said, her brows wrinkled.

When she came to Mohist, she really hoped to talk to the patriarch of the Mohist family to discuss the Lingsi. However, in the case of Mo Yuan's poisoning, Ah Nuan's comatose condition, not mentioning her own injury, she was really in no mood to talk about it. However, the head of the clan said that he would like to see her, even if she was not willing, she knew that she could not refuse. She nodded and replied. "Help me. Please, lead the way.

"Wait." She heard a hoarse voice barely anyone could hear, so gloomy that made Su Su have goosebumps. She looks behind her to see that it was actually Mo Yuan. She thought he cannot move or talk!

Mu Xue saw Mo Yuan, just faintly called, "Young Master."

"Let's go." Mo Yuan without further qualms went to the side of Su Su and she felt that cold big hand caught her wrist. She gawks at him... will accompany her?
